Gonzalo Salvador Corvalan

Experienced React.JS Developer

Buenos Aires, Argentina • +54-011-5048-8031 • contact@corvalangonzalo.xyz

linkedin.com/in/gonzalo-salvador-corvalan • githb.com/TheMrCorvy

Currently pursuing a degree in Programming Analysis, with a strong background in web development gained through two years of freelance work. Skilled in front-end and back-end web technologies such as HTML, CSS, JavaScript, Next.JS, and Node JS. Proven ability to work independently and meet tight deadlines while delivering high-quality code. Seeking opportunities to further develop my skills in web development and contribute to impactful projects.

WORK EXPERIENCE

Frontend Developer   Tsumugi Hotel - Kyoto, Japan   Jun 2022 – Apr 2023

While studying Japanese language in Kyoto, I had the opportunity to work with the web development team at Tsumugi Kyoto Hotel. In this role, I contributed to various tasks such as writing documentation, modernizing existing class components in React to function components, and creating adapters for API responses. This experience allowed me to enhance my skills in front-end development and gain hands-on experience with React.

Freelancer Web Developer   Self-Employed - Buenos Aires, Argentina   Feb 2020 – Dec 2021

For almost two years, I have worked as an independent web developer, specializing in e-commerce solutions. During this time, I have successfully collaborated with a diverse range of clients, delivering high-quality websites tailored to their unique business needs. Additionally, I had the opportunity to contribute my skills to a renowned Argentinean unicorn startup, where I played a key role in developing and maintaining their web presence. This experience allowed me to further refine my technical expertise and gain valuable insights into the demands of fast-paced startup environments.

Law Firm IT Assistant   Salud Y Derechos - Buenos Aires, Argentina   Jul 2018 – Jan 2020

During tenure at a reputable law firm, I played a pivotal role in enhancing the firm's IT capabilities while actively contributing to legal operations. I provided comprehensive IT support, ranging from computer troubleshooting to network setup and device maintenance. Notably, I leveraged my expertise in React to develop a professional website for the firm, bolstering its online presence. Additionally, I assisted with document filing, evidence management, and the classification of legal materials.

- IT support, including computer troubleshooting, network setup, and device maintenance.
- Developed a professional website for the law firm using React and Material UI.
- Assisted with document filing, evidence management, and legal material classification, among other tasks.
